STEP 3: Open the **GOLD Instruments and Files** folder: it contains the main library folder called **LDLC PRIMES**. Move this complete folder LDLC PRIMES to the location of your choice on your hard drive.

STEP 4: Move all 22 sample folders (S00 to S21) into the SAMPLES folder of the main library: **LDLC PRIMES/SAMPLES**

That's it: the installation is completed! Make sure you take a look at the **general User Manual** where you will find important info and many tips about all Primes. Thanks again! I wish you lots of fun and inspiration with Primes GOLD!

If you already have Primes ELEMENTS or one or several Primes installed on your computer, follow these instructions:

STEP 1: Open your main library's sample folder called *LDLC PRIMES/SAMPLES*. Copy the sample folder(s) you already have into a different temporary location on your computer.

!!NB: If you already have one or several Primes that are not part of GOLD (ex: TRIANGLE), open your main library's Primes folder (LDLC PRIMES/INSTRUMENTS/00_PRIMES). Copy the corresponding instruments NKI (all instruments above #20, for example 22_TRIANGLE.nki, 22a...) into a different temporary location on your computer as well, and follow the optional step 7 below.

STEP 2: Make sure you have a minimum of **20GB free** space in your download folder, and download all the following files. Do not download the sample folder(s) you already own:

- GOLD Instruments and Files.zip
- S00_ELEMENTS Samples.zip
- S01_CASTANETS Samples.zip
- S02_GHANA DRUM Samples.zip
- S03_CAJON Samples.zip
- S04_MALLET DRUMKIT Samples.zip
- S05_POWER SHAKER Samples.zip
- S06_KICKS AND STICKS Samples.zip

- S19_DUMBEC Samples.zip
- S20_BOWED CYMBALS Samples.zip
- S21_GOLD Extra Samples.zip

STEP 3: Uncompress all ZIP files. Once all files are uncompressed, you can delete the ZIP files or copy them to a different location on your computer for backup.

STEP 4: Open the **GOLD Instruments and Files** folder: it contains the new *main library* folder called **LDLC PRIMES**. Replace the folder LDLC PRIMES you already had with this new one.

STEP 5: Copy the sample folder(s) you already owned from the temporary location on your computer into the SAMPLES folder of the main library: **LDLC PRIMES/SAMPLES**

STEP 6: Copy all other downloaded sample folders into the SAMPLES folder of the main library: **LDLC PRIMES/SAMPLES**. You should have all 22 Sample Folders now installed here (S00 to S21), and the installation is completed!
